Introduction

The clerk(s) did a poor job of numbering the pages in this book, Minute Book C. The following information may be helpful:

1. There are two pages numbered 63.
2. Starting with page 205, only the odd pages are numbered.
3. The next page after page 213 is 315.
4. Beginning with page 350, each page has a number until page 383.
5. Beginning with page 383 the right hand page has no number. The page number on the left applies to the both pages. This second page is designated with a lower case "b".
6. Page 497 is followed by page 418. This error follows to page 436d. These duplicate page numbers are designated with the letters "c" and "d". Following page 436d, the pages are numbered 537, 538, and 539.
7. Many of the litigation included in these minutes have original dates in the 1840's. See page 430b for dates 1830 and 1839.
