HOW TO USE THIS BOOK

This book contains a full name index of several of the early public records found in Jackson County Courthouse. Some of the books indexed here may be found only at the Scottsboro-Jackson Heritage Center. The limitation imposed by the production and binding by the editor determined the number of separate indexes contained in this book. For most of the separate indexes there is a Table of Contents. Please read these to see what other information is included. The editor has included quotations, abstracts, and comments that may assist the researcher. This book is more than an index, for it may include some of the never before published history of Jackson County.

Introduction

Only two public record books are extant that tells the story of the operations of the government of the Jackson County during the Civil War years. They are the Probate Court Minutes, October 5, 1859 through November 24, 1865. The other one is the minutes of the Commissioner's Court, Road Book 3, 1853--1868. These two books may be seen in the office of the Probate Judge or at the Heritage Center. Both of these books have been indexed. These indexes have become a valuable tool for the genealogist and historian.

Some of the elected and appointed public officials for the county are indicated by the following abbreviations:

CCC	Clerk Of Circuit Court
JDC	Judge Of District Court
JCC	Judge Of County Court
JP	Justice Of The Peace
JPC	Judge Of Probate Court
RCC	Register In Chancery Court
SH	Sheriff

The following abbreviations are also found in the index:

FPC Free Person Of Color

The following attorneys were also considered officers of the court:

Hugh Lawson Parks
William D. Parks

The index of slaves can be found with those persons whose last names begin with an 'S'. There are two parts to this index. Part one includes an alphabetical list of all names from page one through page 380. Part two includes the names alphabetically listed from pages 381 to the end.
