School At Woodville

Woodville is enjoying one of the largest and best schools in its history under the directions of Prof. J. D. Smith of Ft Payne and Miss Beulah Irwin of Larkinsville. Prof. Smith is a graduate of Jacksonville State Normal, and his work has already shown that he has had Normal school training. Miss Irwin is one of Jackson's most efficient young teachers and making good.

A Thanksgiving program was rendered last Thursday by the school and was seasoned with a very appropriate speech from Supt. C. S. Brewton.

Come to Woodville and see us do real school work. A Pupil.
